Dear Mr. Rosenblum,

I am indeed pleased to attach checks in the amount of \$70.00 in payment for the visit of the Freedom Caravan for the Soviet Jewry at Camp Naomi and Camp Joseph.

The Freedom Caravan which included Mr. and Mrs. David Forman and Mr. David Sadowski did a magnificent job creating an awareness on the part of both youngsters and staff concerning the plight of our Jewish brethren in the Soviet Union. I, of course, wish to commend especially Mr. David Forman who provided high quality, sensitive leadership to the Freedom Caravan. It might be of interest to note that last week's Oneg Shabat was devoted "voluntarily" to further discussion on Jews in the Soviet Union. In addition, a sizable number of our youngest girls (age 8-10 years of age) have voluntarily mailed the cards to various families residing in the Soviet Union.

In short, this was not only a worthwhile program but very significant and meaningful to our Jewish youngsters and thus creating an additional link and concern with total Jewry.

Sincerely yours,

Leonard M. Katowitz,  
Executive Director
